SITUATION SUMMARY

Governor Brown Declares State of Emergency for Northern California Wildfires

On 08/02/14, Governor Brown issued an emergency proclamation for the state of California due to the effects of wildfires in El Dorado, Amador, Butte, Humboldt, Lassen, Madera, Mariposa, Mendocino, Modoc, Shasta, and Siskiyou counties that have burned thousands of acres, destroyed homes and other structures and damaged critical infrastructure.

Cal OES Activations Due to Wildfires

- Cal OES Fire EOC is activated in support of statewide fires.
- [The Inland REOC is activated at Level 2, Monday – Friday, 0800-1700 hours.](#)
- The SOC is activated at Level 1

State Agency Activations Due to Wildfires

- On 08/03/14 at 1200 hours, the California Department of Public Health (CDPH) activated the Medical Health Coordination Center (MHCC) at Duty Officer status.

Cal OES / CNG Mission Tasking for Additional Firefighting Capabilities

Cal OES has Mission Tasked the California National Guard for additional Firefighting capabilities; current status:

2014-FIRE-4427

- 12 Type-1 Helicopters with water dropping and crew transport capability
- 4 Type-3 Helicopters with water dropping and crew transport capability
- 1 Type-1 Medivac Helicopter with hoist capability
- [1 RC-26 Fixed Wing with Infrared Flight Imagery is on order](#)

2014-FIRE-4466

- 240 Personnel to be trained for Fireline Hand Crew assignments
- 4 personnel to support each Hand Crew.

Recovery

- Beginning today, 8/11/14, Cal OES Inland Region will coordinate with Recovery staff and Counties of Modoc, Lassen, Shasta and Siskiyou to enter Initial Damage Estimate information into CalEOC.

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

Day Incident, Vegetation Fire, Modoc County (Update)

Day Road, 2 miles north of Day

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 08/11/14 at 0440 hours:

SRA

- 13,153 acres, 94% contained
- CAL FIRE LMU is in command
- Threatened Structures: None
- Destroyed Structures: 6 Single Residence and 4 Other Minor Structures
- The approved FMAG number is FEMA-5070-FM-CA.
- [See Fire Activity Section for detailed information.](#)

Eiler, Vegetation Fire, Shasta County (Update)

12 miles southeast of Burney in the Hat Creek area

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 08/11/14 at 0554 hours:

SRA and FRA

- 32,416 acres timber, 55% contained
- Threatened Structures: None
- Destroyed Structures: 7 Single Residences, 2 Nonresidential Commercial Property, 12 Other Minor Structures
- Also destroyed, three (3) vehicles and one (1) historic post office.
- The approved FMAG number is FEMA-5067-FM-CA.
- [See Fire Activity Section for detailed information.](#)

Bald Incident, Vegetation Fire, Shasta County (Update)

8 miles Southeast of Fall River Mills

Per CAL FIRE, Cal OES Fire Duty Officer and ICS-209 as of 08/11/14 at 0551 hours:

Transitioned to a Local Type 4 organization on 08/11/14 at 0700 hours

- 39,736 acres, 95% contained
- Threatened Structures: None
- The approved FMAG number is FEMA-5069-FM-CA.
- [See Fire Activity Section for detailed information.](#)

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

Oregon Gulch, Vegetation Fire, Siskiyou County (Update)

Near the Community of Copco, south of the Oregon Border

Per CAL FIRE, Cal OES Fire Duty Officer, InciWeb and ICS-209 as of [08/10/14 at 2050 hours](#):

SRA

- 35,284 acres, [74%](#) contained (9,464 acres in State DPA)
- Unified Command with Oregon Department of Forestry ended on 08/08/14 at 1800 hours.
- Fire is part of the Beaver Complex, east of Ashland Oregon
- The approved FMAG number is FEMA-5068-FM-CA.
- Two (2) Cal OES Assistant Fire Chief Assigned
- [See Fire Activity Section for detailed information.](#)

Coffee Complex, Vegetation Fire, Shasta County (Update)

Coffee Creek Drainage, Trinity Alps Wilderness

Per the Cal OES Fire Duty Officer and ICS-209 as of [08/11/14 at 0549 hours](#):

FRA

- 6,178 acres timber, 70% contained
- Threatened Structures: 217 Single Residences
- Type 1 IMT in command
- Two (2) Cal OES Assistant Fire Chiefs assigned.

KNF Beaver Incident, Siskiyou County (Update)

Klamath River, Beaver Creek

Per the Cal OES Fire Duty Officer and ICS-209 as of [08/11/14 at 0541 hours](#):

FRA

- [24,804](#) acres, 30% contained
- Type 2 IMT is in command
- Threatened Structures: [125](#) Single Residences, [40](#) Nonresidential Commercial Properties
- All mandatory evacuation orders have been lifted.
- American Red Cross shelter at Jackson Street School, 405 Jackson St., Yreka; on stand-by
- Siskiyou County EOC reduced to Level 1 at 1600 on 08/08/14 through the weekend.
- Two (2) Cal OES Assistant Fire Chief assigned
- An Initial Attack task force will be made available should new starts occur from forecasted dry lightning.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

July Complex, Siskiyou County (Update)

Four (4) miles southeast of Sawyers Bar

Per Cal Fire ICS-209 as of 08/11/14 at 0538 hours:

FRA

- 12,061 acres, 4% contained
- Threatened Structures: 107 Single Residences, 42 Other Minor Structures
- Federal Type 1 IMT is in command
- Two (2) Cal OES Assistant Fire Chiefs assigned.
- Mandatory Evacuation Order in effect at 1000 hours, 08/10/14 for residents of the Idlewild, Mule Bridge, Robinson Flat and Whites Gulch areas; notice is for all residents east and west of Sawyers Bar Road between Taylor Creek and the 40N61 Road and on the 40N54 Road. Approximately 14 residences in evacuation area.
- A shelter has been established at Scott Valley Junior High, 237 Butte St., Fort Jones. Current population: 0
- Siskiyou County EOC reduced to Level 1 at 1600 on 08/08/14 through the weekend.

Log, Siskiyou County (Update)

Six (6) miles west of Greenview

Per Cal Fire, Cal OES Duty Officers and ICS-209 as of 08/11/14 at 0551 hours:

SRA/FRA

- 3,016 acres, 25% contained
- Unified Command with Cal FIRE and Federal IMT Type 1
- Threatened Structures: 637 Single Residences, 0 Multiple Residences, 0 Mixed Commercial/Residential, 46 Nonresidential Commercial Properties, 568 Other Minor Structures
- Evacuation Advisories: Quartz Valley (500 homes) and Scott Valley (460 homes)
- No mandatory evacuation orders in effect.
- A shelter has been established at Scott Valley Junior High, 237 Butte St., Fort Jones. Current population: 0
- Siskiyou County EOC reduced to Level 1 at 1600 on 08/08/14 through the weekend.

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

Lodge Complex, Vegetation Fire, Mendocino County (Update)

BLM Elkhorn Wilderness, 5 miles north of Branscomb

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 08/11/14 at 0556 hours:

SRA

- 9,500 acres, 35% contained
- CAL FIRE Type 1 IMT in command
- Structure Threat: 58 Single Residences
- California National Guard crews are assisting with mop-up and perimeter patrol.
- Mandatory evacuations were issued and remain in effect for the following areas: Elder Place, Tan Oak Park, Bald Mountain Creek, Elk Creek east of Brush Mountain, and Camp Seabow. The Mendocino County Sheriff conducted a reverse 911 to 147 homes.
- A shelter is open at Leggett Valley School, 1 School Way, Leggett, CA 95585-0186. Current Shelter Population: 7
- [See Fire Activity Section for detailed information.](#)

SOUTHERN CALIFORNIA FIRES

French Incident, Vegetation Fire, Madera County (Final)

Rock Creek Campground – Madera County

Per Cal FIRE and ICS-209 as of 08/11/14 at 0538 hours:

FRA

- 13,835 acres, 95% contained
- Structure Threat: None
- Transition to a Sequoia National Forest (SNF) Type 3 organization occurred at 0600 hours, 08/10/14.
- Heavy demobilization of resources will continue today, 08/11/14.
- Madera County EOC is at Level 1.
- One (1) Cal OES Fire Assistant Chief; [demobilized 08/10/14.](#)
- The San Joaquin Air Pollution Control District installed air quality monitoring devices at Prather and Shaver Lake.
- Homes in the Arnold Meadows area have been opened for residents only.
- Mandatory evacuations of campsites remain in place. The campsites are on USFS property

SITUATION SUMMARY

San Bernardino County Flooding, San Bernardino County (Update)

Update:

- San Bernardino County Operational Area is activated at Level I Duty Officer status, for the purpose of monitoring, and situational awareness due to the anticipated return of monsoonal moisture to the region. These storms are predicted to bring a potential for lightning strikes, and flash flooding, which could adversely impact areas already affected impacted by the August Severe Weather Incident of last week.

On 08/03/14, the Southern Duty Officer (SDO) was notified by the California State Warning Center (CSWC) that San Bernardino County Operational Area (SBOA) emergency operations center (EOC) had activated at a Level I in support of the significant flood events for the following areas in San Bernardino County; Forest Falls, Mount Baldy, Oak Glen and Lytle Creek. Flash floods Sunday brought thick debris flows that cut off access to towns. Numerous residents in the San Bernardino Mountains were unable to get out because the roads were covered with mud, rock and debris. Per the SDO there are no unmet emergency management and access and functional needs (AFN) nor any requests for State assistance.

[See Southern California Significant Activity Section for detailed information.](#)

SITUATION SUMMARY

Hurricane-Tropical Storm, Hawaii, Pacific Ocean (Update)

Current Situation:

Tropical Storm Iselle has dissipated. Hurricane Julio is east northeast (ENE) and will not significantly impact the state. The State EOC will continue to support recovery operations on the Big Island.

- Hawaii: EOC activated; 1 shelter open
- Maui: EOC deactivated; 1 shelter open
- Oahu: EOC deactivated; no shelters open
- Kauai: EOC deactivated; no shelters open; 1 storm related death – 8/8/14
- SEOC: Partial activation.
- Military: NG is working with the state and counties
- Businesses affected – 4; Residences affected – 82; Infrastructure affected – 118; Total – 204
- Power outages: Hawaii – 8100; Maui – 39
- FEMA Region IX - Currently in demobilization process.

EMAC Deployment

2014-SOC-4699 Deployment of A Team Type I Staff

- (2) OES staff and (1) CNG departed 8/8/2014, expected to return [Wednesday, 08/13/14](#).

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

Drought Proclamations

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

Northern California Significant Weather

The National Weather Service (NWS) is forecasting increased thunderstorm potential for interior portions of northwest California, August 10th through Tuesday, August 12th; mainly afternoon and evening hours.

Red Flag Warnings and Fire Weather Watches have been issued for northern CA and much of OR through Tuesday.

Potential Event Highlights:

- A low pressure system will form off the west coast on Saturday and settle to just off the northern CA coast by Sunday. The dynamics of this system along with residual moisture, daytime heating and a strengthening jet stream will result in perfect conditions for a significant and widespread thunderstorm outbreak event beginning Sunday and continuing through [at least Tuesday](#), with nocturnal storms a good possibility.
- A significant number of dry lightning strikes are expected with these storms along with strong gusty outflow winds.
- Warm and very dry conditions currently exist and are forecast to continue throughout much of this region this weekend and into early next week.
- All of these ingredients add up to high potential for several large fire starts.
- Northwest CA and southwest OR look to be the focus of this event although the rest of northern CA and the rest of OR will likely see thunderstorms as well.
- [The most critical time for lightning started fires is Sunday afternoon and evening \(8/10\) and again on Monday \(8/11\) and Tuesday \(8/12\) across OR.](#)

Red Flag Warnings:

- [Red Flag Warning now in effect until 1100 Tuesday for portions of Alpine, Amador, Butte, Calaveras, El Dorado, Lassen \(Lassen N.P.\), Nevada, Placer, Plumas, Shasta, Sierra, Tehama, Tuolumne, and Yuba Counties.](#)
- [Red Flag Warning now in effect until 1100 Tuesday for portions of Del Norte, Humboldt, Siskiyou, Shasta, Tehama, and Trinity Counties.](#)
- Red Flag Warning in effect until 2300 Tuesday for portions of Modoc and Siskiyou Counties.

Fire Weather Watch:

- Fire Weather Watch in effect Monday afternoon through Tuesday morning for portions of Amador, Butte, Calaveras, Colusa, El Dorado, Glenn, Lake, Nevada, Placer, Sacramento, San Joaquin, Shasta, Solano, Stanislaus, Sutter, Tehama, Tuolumne, Yolo, and Yuba Counties.
- [Fire Weather Watch in effect from Tuesday evening through Wednesday afternoon for portions of Modoc, Lassen, Nevada, Plumas, Sierra, El Dorado and Placer Counties.](#)

NORTHERN CALIFORNIA WEATHER

Thunderstorm Coverage will Increase across Interior NorCal later Today and Tonight

Lightning and gusty winds with stronger storms, Possible fire starts

Issued Monday, August 11, 2014 at 5:16 am PDT
National Weather Service - Sacramento, CA

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

WEATHER

Southern California Significant Weather

Weather Threats: Blowing Dust, Thunderstorms (Flash Flooding), Thunderstorms (Heavy Rain), Thunderstorms (High Winds)

Event Summary: A return of monsoonal flow will bring a chance of thunderstorms this afternoon/evening and again on Tuesday, mainly over the mountains and high deserts. Some drying is possible by Wednesday as winds try and turn more westerly aloft but confidence is low at this time.

This monsoon surge is weaker than the event that occurred earlier this month and steering flow favors the mountains and high desert areas. Stronger winds aloft also decrease the threat for flash flooding from individual storms as they are less likely to remain in place, however thunderstorms can sometimes reform along favored downwind slopes, so isolated flash floods are still possible.

Timing: Through Wednesday

Location: Coachella Valley, High Desert, Riverside County Mountains, San Bernardino County Mountains, San Diego County Deserts, San Diego County Mountains, Coachella Valley, High Desert, Orange County Coast, Riverside County Mountains, San Bernardino County Mountains, San Diego County Coast, San Diego County Deserts, San Diego County Mountains

Storms/System Intensity: Weak (low impact) / Weak to moderate (possible localized impact)

Impacts: Gusty thunderstorm outflow winds and a chance of local flash flooding

Forecaster Confidence: Low to Moderate

SOUTHERN CALIFORNIA WEATHER

San Diego

Mountain and Desert Thunderstorms Today and Tuesday

Inland... Isolated thunderstorms during the afternoon and evening hours for the mountains and deserts. Elsewhere fair skies and near average temperatures will prevail.

Beaches... Night and morning low clouds will continue, with water temperatures of 68-74 degrees and waves 2-4 feet.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An upper level low off the central California coast will increase thunderstorm chances through early this morning. Temperatures will remain slightly above normal across the interior with near normal temperatures at the coast into early next week.

San Francisco Weather:

An upper level low off the central California coast will increase thunderstorm chances through early this morning. Temperatures will remain slightly above normal across the interior with near normal temperatures at the coast into early next week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Thunderstorms are possible over the mountains today and potentially more widespread thunderstorms later today into early Tuesday, including valley locations. The forecast area will have temperatures that remain near normal through the week.

Hanford Weather:

Thunderstorms will be possible over the entire forecast area today and tonight as a trough of low pressure moves through. Temperatures will remain steady through most of the week.

WEATHER

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Near normal temperatures and night through morning low clouds and fog will continue along the coast this week due to several weak upper level low pressure systems moving through the area. Isolated monsoonal thunderstorms are possible for interior areas early this week.

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

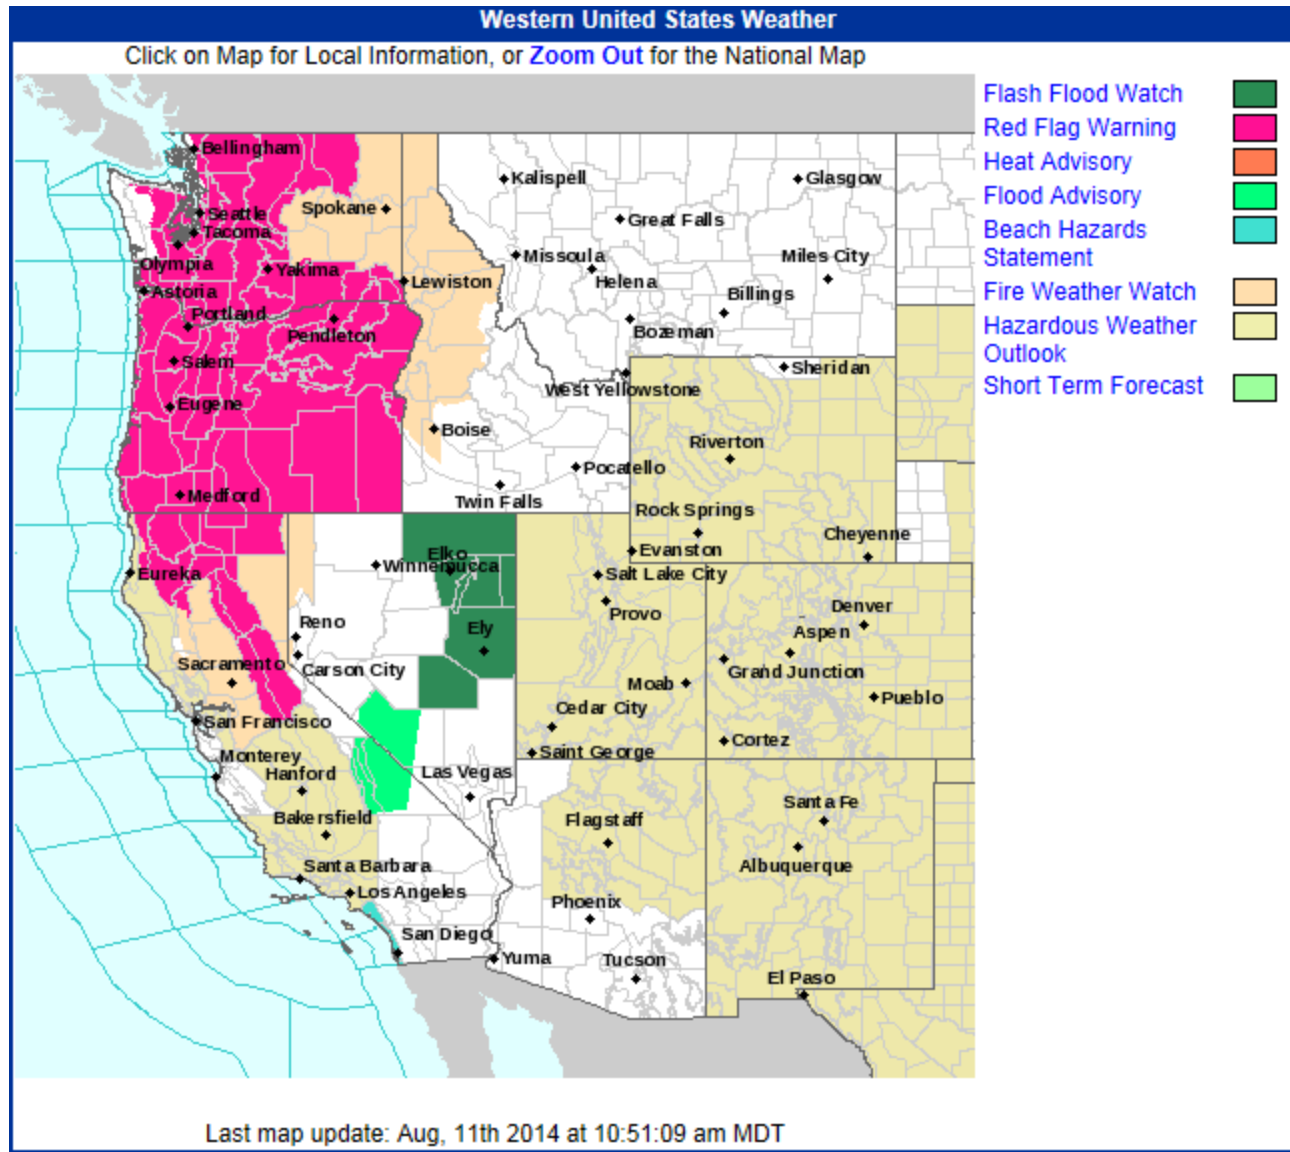

Monsoonal moisture will bring a slight chance of afternoon and early evening thunderstorms to the mountains and deserts through Tuesday. Dry southwest flow aloft will prevail for Wednesday into next weekend. Temperatures will remain seasonal. For coastal areas, the marine layer and weak onshore flow will bring areas of night and morning low clouds and fog extending locally inland.

Southeast California Weather:

Moisture levels will continue to swing upwards and improve chances for monsoon rain through the middle of the week. The best chance for rain will be Tuesday and Wednesday as a surge of monsoonal moisture moves through the region. Temperatures will remain near normal levels with the exception of Tuesday and Wednesday when mostly cloudy skies should keep temperatures several degrees cooler. Drier conditions expected beginning Thursday as westerly flow pushes over the forecast area.

FIRE ACTIVITY

Day Incident, Vegetation Fire, Modoc County (Update)

Day Road, 2 miles north of Day

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 08/11/14 at 0440 hours:

SRA

Fire Information

- 13,153 acres, 94% contained
- CAL FIRE LMU is in command
- Threatened Structures: None
- Destroyed Structures: 6 Single Residence and 4 other minor structure
- The approved FMAG number is FEMA-5070-FM-CA.
- Operational Period Activities: Continue mop-up, suppression repair and support of initial attack activity in close proximity to the Day incident.
- Total Personnel – 305

Emergency Management

Evacuations/Shelters:

- None

Road Closures

- None

Health/Medical

- An Air Quality Statement was requested by City of Alturas. The request is being handled through Dr. Richert, Modoc County Health Officer.

Activations

- The Modoc County EOC is activated at Level 1.
- The Inland REOC is activated at Level 2, Monday – Friday, 0800-1700 hours.
- The SOC is activated at Level 1.

FIRE ACTIVITY

Day Incident, Vegetation Fire, Modoc County Cont. (Update)

Deployments

- None

Proclamations

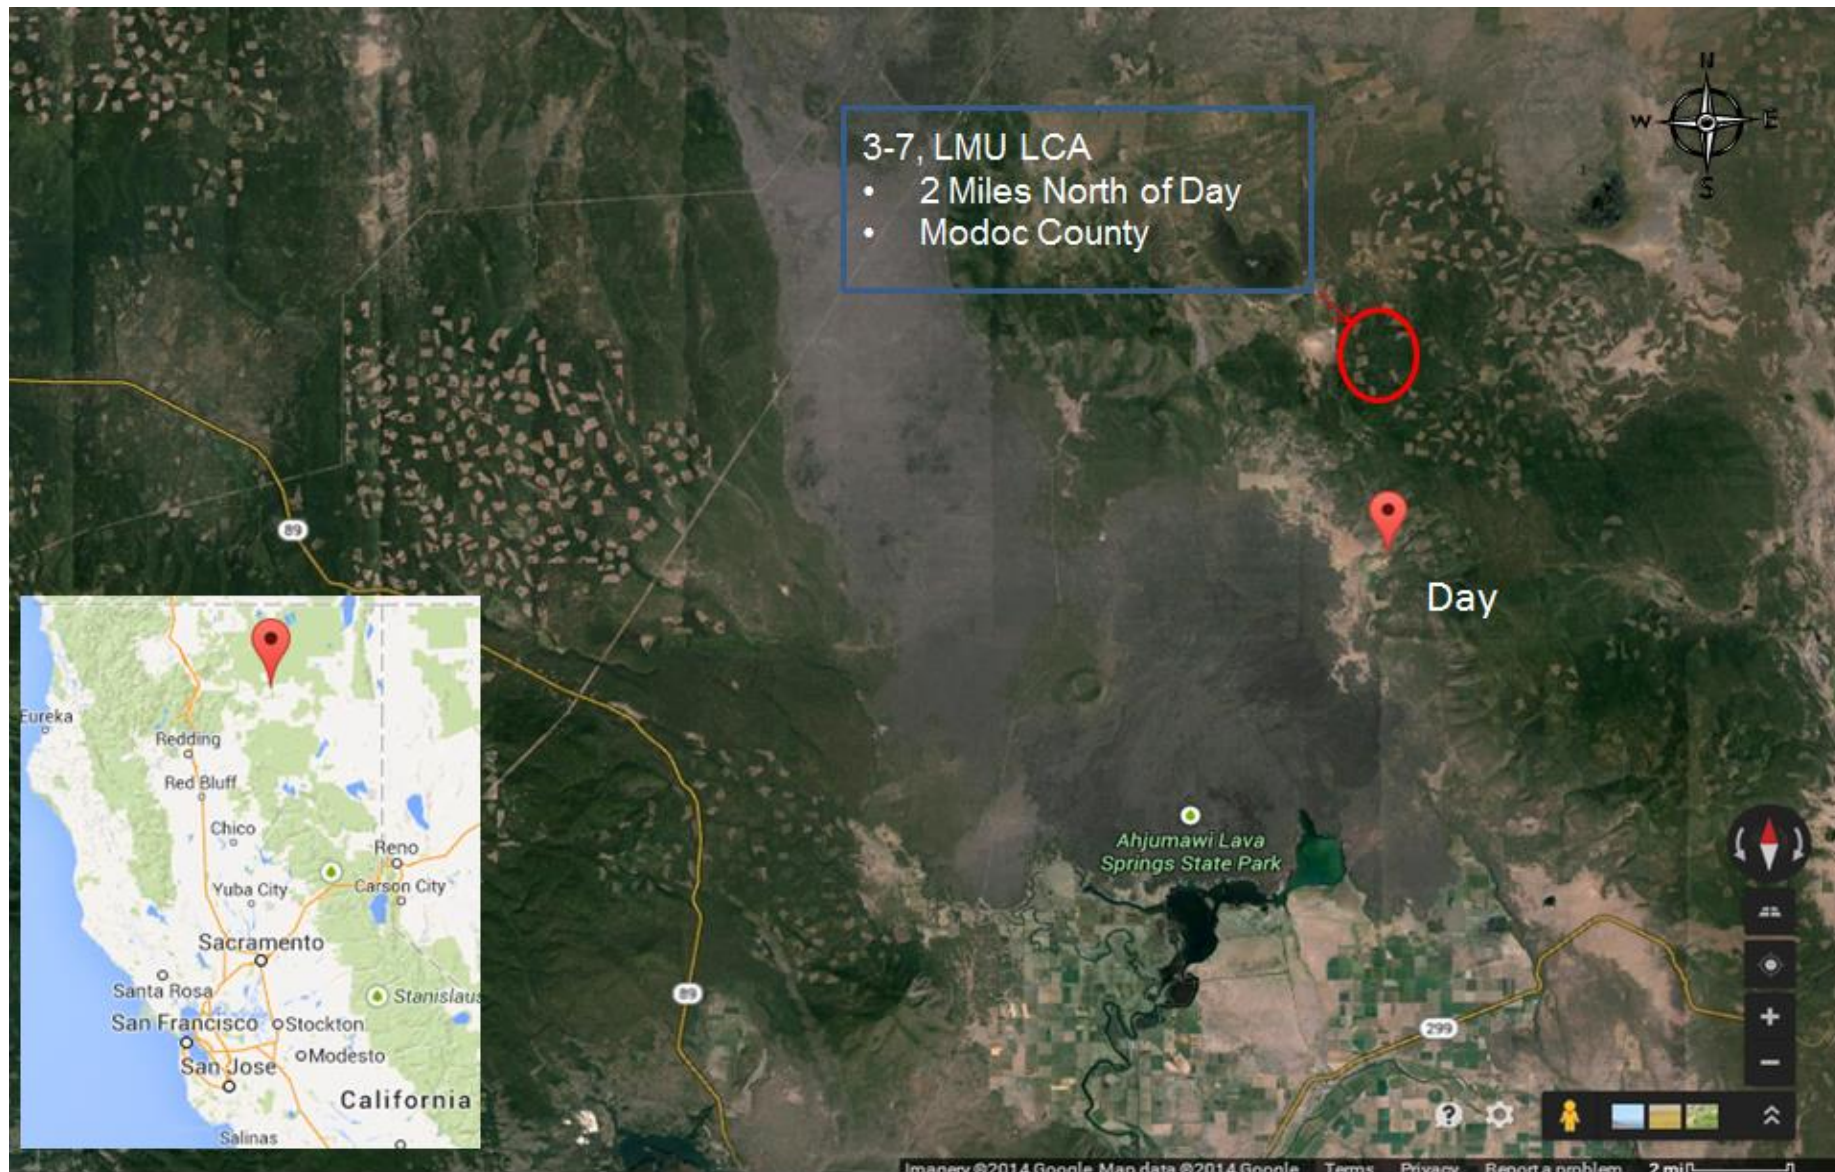

- On 08/01/14, Modoc County proclaimed the existence of a local emergency due to wildland fires burning in the County; including, but not limited to the Day Fire. Board of Supervisors ratified the proclamation on 08/04/14 and the ratified proclamation is asking for CDAA. On 08/05/14 the ratified proclamation was received.

Recovery

Beginning today, 8/11/14, Cal OES Inland Region will coordinate with Recovery staff and Counties of Modoc, Lassen, Shasta and Siskiyou to enter Initial Damage Estimate information into CalEOC.

There are currently no requests for assistance or unmet needs.

SRA and FRA

Unified Command Type 1 IMTCAL FIRE and USFS

Fire Information

- 32,416 acres timber, 55% contained (Per CAL FIRE- State DPA acres 5,063 and Federal DPA acres 27,352)
- Threatened Structures: None
- Destroyed Structures: 7 Single Residences, 2 Commercial Properties and 12 Other Minor Structures
- Also destroyed, three (3) vehicles and one (1) historic post office.
- The approved FMAG number is FEMA-5067-FM-CA.
- Total Personnel: 1,881

Emergency Management:

Evacuations/Shelters

- None

Road Closures

- None

Critical Infrastructure

- Per California Utilities Emergency Association (CUEA), no PG&E assets are currently threatened.
- The Burney Water District is concerned about their water infrastructure being threatened by the fire and has requested fire protect their assets. This issue is being handled at the local level.

FIRE ACTIVITY

Eiler Incident, Vegetation Fire, Shasta County Cont. (Update)

Health/Medical

In coordination with the Shasta County Air Quality staff, which has deployed 2 state Air Resources Board (ARB) mobile E-BAM air monitors in Burney and Fall River Mills; Mayers Memorial Hospital District (MMHD) is continuing with the re-population of the Mayers Burney Skilled Nursing Facility (SNF). All but three patients have returned to the facility. Of the remaining three, two are at the Mayers Fall River SNF and one is at home. Re-population of all residents is still expected to be complete by Saturday, August 9, 2014 at 10:00 AM. No resources are requested and debrief of staff and volunteers is scheduled for Monday, August 18, 2014.

Shasta County Public Health (SCPH) has received hospital surveillance data of patients with smoke-related illness at MMHD for the last four days. SCPH is looking for a possible increase in certain respiratory and other cases that might be related to smoke and so far have not found any such potential increase.

Activations

- None

Deployments

- Four (4) Cal OES PSC Radio Technicians are assigned to the incident.

SOUTHERN CALIFORNIA SIGNIFICANT ACTIVITY

San Bernardino County Flooding, San Bernardino County (Update)

- San Bernardino County Operational Area is activated at Level I Duty Officer status, for the purpose of monitoring, and situational awareness due to the anticipated return of monsoonal moisture to the region. These storms are predicted to bring a potential for lightning strikes, and flash flooding, which could adversely impact areas already affected impacted by the August Severe Weather Incident of last week.

The San Bernardino County Fire Department continues to conduct damage assessments. Cal OES Regional Administrators, Cal OES Recovery Unit Representatives, and the OA EOC Liaison conducted site visits to validate Initial Damage Estimates (IDE's) 08/06 through 8/08.

Background: On August 3, 2014, the Southern Duty Officer (SDO) was notified by the California State Warning Center (CSWC) that San Bernardino County Operational Area (SBOA) emergency operations center (EOC) had activated at a Level I in support of the significant flood events for the following areas in San Bernardino County; Forest Falls, Mount Baldy, Oak Glen and Lytle Creek. Flash floods Sunday brought thick debris flows that cut off access to towns. Numerous residents in the San Bernardino Mountains were unable to get out because the roads were covered with mud, rock and debris. Per the SDO there are no unmet emergency management and access and functional needs (AFN) nor any requests for State assistance.

Damages:

- The San Bernardino County EOC has not finalized damage assessments.
- The San Bernardino Countywide Initial Damage Estimate is approaching \$11 million.
- The Bureau of Indian Affairs (BIA) Pacific Regional office is collecting data on any damages sustained by the recent flood events throughout the state from Tribal partners. San Manuel Tribe is working on an IDE for unspecified residential and construction project damage.

Forest Falls

- The San Bernardino County EOC continues to conduct damage assessments; to date, 6 residences have been damaged in Forest Falls.

Redlands

- Westbound Redlands Boulevard is closed at California Street due to an a 10' x 10' sinkhole

Mount Baldy

- The San Bernardino County EOC continues to conduct damage assessments; to date, 19 homes have been damaged or destroyed in Mt. Baldy.

SOUTHERN CALIFORNIA SIGNIFICANT ACTIVITY

San Bernardino County Flooding, San Bernardino County Cont. (Update)

Activations

- San Bernardino County Operation Area EOC is activated at Level 1.
- Cal OES Southern Region is activated at level 1.

Proclamations:

- 08/04/2014 - San Bernardino County.
- 08/04/2014 - City of Barstow.
- 08/06/ 2014- City of Highland.

Per the San Bernardino County Duty Officer, there are no unmet emergency management, or access and functional needs (AFN) issues, nor any requests for State assistance.

The Cal OES Southern Region Duty Officer continues to monitor the situation and provide updates.

PUBLIC HEALTH EBOLA INFORMATION

Public Health Response to Ebola Outbreak – Information Update

Source: The Association of State and Territorial Health Officials (ASTHO)

Situation Update

CDC reported on the ASTHO All State and Territorial Health Officials call on August 8 that there have been 1700 confirmed cases of Ebola Virus and 900 deaths in West Africa. Those are conservative numbers and expectations are that the situation may get worse before it gets better in West Africa. The primary CDC strategy at this point is to contain the spread of the disease in West Africa. CDC has deployed 33 people, have 19 deployments pending and are ramping up for additional deployments. CDC has elevated the status of its Emergency Operations Center to Level 1 which enables them to have more flexibility with resources and makes all CDC staff available as needed in the response. The key messages Dr. Frieden conveyed during the call were:

- This outbreak is unprecedented in Africa- may surpass all other Ebola outbreaks combined; will be a long hard fight, but we have the right tools- "traditional public health"
- Ebola doesn't spread through casual contact and is only contagious from individuals who are sick
- 1st line of defense: To protect Americans, we must stop this at the source in Africa; seeing some progress - Guinea is doing better; deeply concerned about Lagos; out of control in Liberia
- 2nd line of defense is exit screening: Improving airport screening procedures
- 3rd line of defense: Educating physicians to think Ebola if the patient has been in West Africa and the patient has a fever and symptoms consistent with Ebola
- Control is straightforward: meticulous attention and adherence to standard infection control procedures (gown, gloves, eye protection and mask)

PUBLIC HEALTH EBOLA INFORMATION

Information Update: Public Health Response to Ebola Outbreak (Cont...)

On August 8, the World Health Organization declared the outbreak to be an international public health emergency. CDC's staff is working in partnership with affected countries on exit border screening procedures to control the spread of the outbreak.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- Current Reservoir Levels continue to decline. Levels as of August 7th : Don Pedro 43%; Exchequer 19%; Folsom Lake 41%; Lake Oroville 34%; Millerton Lake 51%; New Melones 25%; Pine Flat 12%; San Luis 21%; Lake Shasta 33%; Trinity Lake 34%; Pyramid Lake 93%; and Castaic Lake 47%.

- Emergency Drinking Water Procurement and Distribution Planning Guidance (rev. May 2014)

Significant changes have occurred to the structure of California's state government organization. Rapid advances in systems, science, and technology have helped emergency managers improve coordination, forecasting, and situational awareness. Because of these changes, the *Multi-Agency Emergency Response Procedures for Potable Water Procurement & Distribution* document has been replaced by the *Emergency Drinking Water Procurement and Distribution Planning Guidance*. The intent of this guidance document is to clarify the roles and responsibilities of the stakeholders involved in locating, procuring, and delivery of emergency drinking water¹ to populations in California. Consequently creating a framework for agencies and organizations to work together to enhance preparedness.

Situational Summary

- State Board Mandatory Conservation Regulations Now in Effect: The state's first-ever emergency regulations mandating urban water conservation became effective will be in effect until April 25, 2015.
http://www.waterboards.ca.gov/waterrights/water_issues/programs/drought/emergency_regulations_waterconservation.shtml
- The 2014 Governor Drought Task Force continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

New Cal OES Missions

- **2014-LAW-4777, 8/10/2014, 2100 hours**, Nevada County Sheriff's Department (NCSD) requesting resources to locate a missing person out of Placer County NCSD located M/P's vehicle in the area around Boca Rest Camp just east of Truckee. NCSD is requesting 10 area search dog teams and 20 ground searchers for Monday, 08/11/14 at 0800 hrs. Sierra, Yuba and Marin County Sheriff's Departments are responding with ground search teams. California Governor's Office of Emergency Services (Cal/OES), Law Enforcement Branch (LEB) is coordinating the search dog response. **Mission On-Going**

Ongoing Cal OES Missions

- **2014-LAW-3978**, On 08/05/2014 at 1519 hours, this law mission was continued at the request of San Bernardino County Sheriff's Department (SBSD). SBSD is requesting Los Angeles County Sheriff's Department (LASD) Mine Team to assist in a continuing search for human remains related to an active, ongoing homicide investigation in the Twenty Nine Palms area. The continued search was scheduled for this weekend, 8/09-8/10; however, has been postponed to the following weekend, 08/16-17/2014. LASD's Mine Team has accepted the mission and will respond. **Mission On-Going**

Closed Cal OES Missions

- **2014-LAW-4759, 8/9/2014, 0015 hours**, Alpine County Sheriff's Department (ACSD) requesting resources to locate a missing 58 year old male hiker. ACSD is requesting 40 ground searchers, 3 search dog teams (2 area dogs, 1 water dog) and 1 dive team. M/P was last heard of in the Sunset Lake area. ACSD advised that they located M/P's backpack and camping gear. El Dorado and Amador County Sheriff's Department is responding with ground searchers. El Dorado County Sheriff's Department is responding with their dive team also. California Governor's Office of Emergency Services (Cal/OES), Law Enforcement Branch (LEB) is coordinating the search dog response. Update: 08/09/14, 1230 hrs., ACSD is requesting an additional 40 ground searchers, 2 additional area dogs and a cache of radios. Calaveras, Toulumne, Mono and Placer County Sheriff's Departments are responding with additional ground searchers. Cal/OES , LEB is coordinating the search dog response. Cal/OES T-Comm is coordinating the cache of radios with ICP. Update: 8/9/14, 2130 hrs., ACSD is requesting a small boat to assist with dive operations. Mono and Calaveras are responding with boat resources. Update: 8/10/14, 1230 hrs. ACSD is requesting 40 additional ground searchers and a management team for 08/11/14 at 0800 hrs. Marin, Alameda, Monterey and Contra Costa Sheriff's Department are responding with all requested resources. **Update:** 8/10/14, 1530hrs., ACSD advised that M/P was located and airlifted to a local medical facility. All resources were cancelled. **Mission Closed**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
